The Administrative Enforcement Agency of the Ministry of Justice (AEA) and its Branches held the joint auction is held on the “first” “Tuesday” of every month, starting at “3” p.m. on May 7, a week before Mother's Day. During the event, each and all Branches offered a variety of special and dazzling items for the bidding by the enthusiastic visitors, especially the high-quality jewelry that could perfectly serve as Mother's Day gifts, and the total auction amount reached an impressive NT\$76,419,154.

The total bid amount of real properties reached NT\$6,364,326. The highest-bidding price was New Taipei Branch, reaching NT\$44.883 million for a total of 7 land parcels located in the Qiaozhong Section and Daguan Section within the Fuzhou Urban Renewal Project Area at Banqiao District, New Taipei City. The most eye-catching item was from the Hualien Branch, which was the first domestic real estate “presented by drone aerial photography” and was auctioned for NT\$2,608,888. The item is located in the Yugang Section of Chenggong Township, Taitung County, covering an area of more than 674 square meters. There are hundreds of banana trees and overgrown weeds and other trees, making it difficult for the enforcement staff to enter the area. In order to fully present the appearance of the real estate, the Hualien Branch produced a drone aerial video. It was the first time that drones were used in foreclosure photography, allowing the general public to see the entire real estate and the surrounding environment through three-dimensional images for complete auction information. Other branches also auctioned various real properties in good conditions and ended the conclusion of the auction with exceptional results.

The total amount of property auctioned reached NT\$12,778,828. The Taipei Branch offered thousands of pieces of exquisite jewelry from Europe and the United States for sale, including pendants, necklaces, bracelets, wristbands, and earrings, etc., with upset prices as low as NT\$100 per piece. Among them, a natural ruby necklace and an emerald bead necklace with an appraisal report were auctioned for a total of NT\$85,000. The price was far lower than the manufacturer's cost price, making it a great deal for the bid winners. The Shilin Branch, under the entrust of the District Prosecutor's Office, auctioned a black Mercedes sports car, 60188.011974 pieces of UTSD, and a 2022 all-electric Porsche TAYCAN 4CT, which were auctioned at prices of NT\$2.7 million, NT\$1.92 million, and NT\$3.2 million, respectively.
